

The New School Montessori Center

Summer 2016 Information

The New School's summer program is available to currently enrolled children, or for those enrolled for the fall of 2016. This year our summer program will run for eleven weeks, beginning on May 31 and ending August 12.

Summer provides teachers with time essential for personal development, to refresh materials, and to plan the upcoming school year. Consequently, the summer program is staffed with a rotation of different teachers throughout the eleven weeks.

Infant/Toddler and Children's House Summer Programs

Our summer schedule for these programs will be theme-based and will have a rotation of teachers. In addition to these themes, lessons and projects will remain consistent with the Montessori philosophy.

Based on early enrollment data, our summer teaching staff will have a plan that offers continuity with a seamless transition between each summer theme with its accompanying staff. As always, our summer program will also be enriched with fun events such as water days, special presenters, art, drama, and music activities.

Important changes for this year's Children's House summer program

In addition to a more theme-based approach this summer, we are also instituting another change to benefit our students. Because of limited enrollment and high demand, we will offer first placement to families who enroll in our five-day summer program (either half or full day). There is a minimum of four weeks enrollment to be eligible to attend during the summer.

Once the enrollment period terminates, we will offer any additional spaces to families requesting partial-week schedules (two, three or four days). Information on these schedules will be distributed once summer enrollment is completed.

Children's House Classroom Placement

We are currently planning on offering one Children's House Classroom for the summer. However, should a second class open up, please note that student placement will be solely determined by Administration based on demographics and can not be altered once our summer roster has been established. This will ensure that teachers can plan accordingly, to maintain our traditional individualized approach throughout the summer.

Enrollment and Schedules

Unlike the regular school year, enrollment for the 5-day program is offered on a week-to-week basis with a required minimum of 4 weeks.

For those who wish to enroll for a partial-week schedule (fewer than 5-days), please indicate your preference on the summer application. However, please note there is no guarantee the school will be able to offer partial-week schedules during the summer. Should we have space to be able to offer these schedules, we will contact applicants after February 22.

Please also note that the school closes at 5:30pm (not 6:00pm) during the summer. Additionally, the school does not offer carpool service during the summer.

Tuition

The summer tuition is divided into three equal payments. The first payment of the summer tuition must be submitted with the summer application form and is a **non-refundable** payment. The second payment is due May 28, and the final summer payment is due June 28.

To calculate your total tuition, please multiply the number of weeks you are attending by the weekly rate for your selected program.

There are limited spaces available and enrollment will end when the classes are full. Applications received after the classes have been filled will be returned to the parents with any paid fees. To enroll in our summer program, or to indicate your child will not be attending, please return the enclosed form as soon as possible.

Elementary Summer Camps

Each week-long elementary camp is centered on a different engaging theme. Themes include cooking, Lego Star Wars and Machines camps, spy camp, sewing, theatre/drama, Pokemon, gardening, weather, chess, and more. Camp details will be posted on the summer program page of our website.

Our elementary summer program is also open to siblings of currently enrolled children. Sibling admission for the summer will be based on space availability and will be subject to all guidelines and provisions stated within our Parent Handbook. Also, families may enroll in fewer than four weeks of elementary camp.
