

## **Piano Lessons at The New School**

Our Music Teacher, Mr. James Catton offers private one-to-one piano lessons during school hours and immediately after school, for those wishing to learn this wonderful instrument supplementary to his music theory lessons provided to all Elementary and Map students.

The best ages to start are generally 5 to 11, but let that not be a restriction. It's really down to the student having the time and patience to want to learn and most of all enjoy the process. The more you do it, the better you become, as we know with most things in life.

Please contact Mr. James for a free trial assessment of your child's ability to be able to play/make music in the traditional sense as well as perhaps talk about other options available or teaching methods. He personally teaches students to sight read by notation, be able to play by ear and be able to learn various different memory methods.

Mr. James does make home visits in the evening if that is more convenient for some families. Please take a look at his website:
